

International experts acknowledge the positive impact of the Fiscal Discipline Council on the fiscal policy

Published: 06.09.2021.

At the request of the Latvian Fiscal Discipline Council (Council), the Organization for Economic Co-operation and Development (OECD) in co-operation with the European Commission has prepared a report on the Council's activities with the aim to improve its efficiency. The evaluation has been prepared within the framework of the European Commission's Structural Reform Support Program. The Council will present the review at an online seminar on Tuesday, 7 September, to which media representatives are also invited.

The review is available [here](#).
